ENROLLMENT TO CCA

CCA MISSION STATEMENT

The mission of Calvary Chapel Academy (CCA) is to share the ministry of Calvary Chapel of Boston (CCoB) by providing an exemplary Christian education that instructs and equips pre-kindergarten through high-school age students with a biblical worldview.

CCA HISTORY

Calvary Chapel Academy (CCA), a private Christian school, was established in 2004 by Pastor Randy Cahill, founding pastor of Calvary Chapel of Boston (CCoB), as an educational ministry of CCoB. Pastor Randy's vision for the school is to provide the highest value of both spiritual and academic education, founded on God's word and His wisdom.

The school provides educational opportunities for students entering pre-kindergarten through high-school. Currently, there are 125 students in the school with 48 students enrolled in the high-school. Initially, the school started with grades pre-kindergarten through seventh grade and added a grade every year until its first graduating class in 2010. Since 2010, CCA has seen its graduates accepted into over fifty different colleges and universities, such as the University of Massachusetts Boston, University of Massachusetts Dartmouth, MIT, Liberty University, Massachusetts College of Pharmacy & Health Sciences, Boston University, Bridgewater State University, Emerson College, Wentworth Institute of Technology, Suffolk University, North Greenville University, Biola University, and Gordon College.

CCA EDUCATIONAL PHILOSOPHY

The educational philosophy at CCA is to teach students from a biblical worldview, based on the literal interpretation of the Bible, using the New King James version. Our academic programs are designed to meet the various learning styles of students. CCA offers a wide selection of primary and fundamental classes as well as advanced placement, honors, and college prep courses. Additionally, the school offers several electives and extra-curricular activities for CCA students.

CCA believes that academic achievement, centered on a strong and prominent biblical foundation (Proverbs 1:7), will nurture students to become worldwide ambassadors for Christ. The school is governed by the church's pastoral board who are actively involved with the students through weekly chapel, Bible courses, academic teaching, academic advising, athletic coaching, and extracurricular activities.

ABOUT CALVARY CHAPEL OF BOSTON

CCoB was formed as a fellowship of believers in the Lordship of Jesus Christ. Our supreme desire is to know Christ and be conformed into His image by the power of the Holy Spirit. We are not a denominational church, nor are we opposed to denominations as such, only their over-emphasis of doctrinal differences that have led to the division of the body of Christ. We believe that the only true basis of Christian fellowship is His (agape) love, which is greater than any differences we possess and without which we have no right to claim ourselves Christians.

CCA ENROLLMENT CRITERIA

CCA functions as a ministry of CCoB and adheres to the Statement of Faith as outlined in CCoB's By-Laws. CCA utilizes the CCoB Statement of Faith and By-Laws for student and family enrollment and guidance. CCA's vision is to partner with Christian parents to raise up disciples of Christ in order to face the cultural opportunities and challenges of believers today. We believe in providing a biblically grounded educational experience that prepares students both practically and spiritually to fulfill God's call upon their lives. Thereby, glorifying God and impacting the world for Christ.

The following outlines the criteria for enrollment to CCA:

- Clear understanding of the parent(s)/guardian and student's faith in Jesus Christ.
- Clear understanding of the parent(s)/guardian and student's active participation in a Bible-teaching church.
- Clear understanding that the parent(s)/guardian and student's lifestyle and beliefs are in agreement with the school's Statement of Faith as outlined on page 5 in this handbook.
- Clear understanding that the parent(s)/guardian and student agree and support CCA's mission, goals, and educational philosophy.
- Receipt and approval of student's previous academic achievement (report cards, achievement tests, discipline reports).

The following is the process for enrollment to CCA:

1. Submission of CCA student application and application fee.
2. Review of the student's application and enrollment criteria by the CCA administration. CCA does not require an entrance exam to attend the school.
3. After the review of the application and enrollment criteria, qualifying families will be invited in for an interview. All students and families will be interviewed by the headmaster prior to initial enrollment to the school.
4. The interview process includes:
 - a. Declaration of salvation by parent(s)/guardian and student.
 - b. Review of parent(s)/guardian and student's church affiliation and involvement.
 - c. Review of previous school records. Newly enrolled students must furnish previous school(s) records.
 - d. Understanding that the parent(s)/guardian and student's educational expectations correspond with CCA's mission as a ministry of CCoB.
5. Finally, headmaster and administration will prayerful determine if parent(s)/guardian and student meet the criteria required for acceptance.

YEARLY RE-ENROLLMENT TO CCA

At CCA, we pray that our students will remain at the school throughout their elementary, junior, and senior high school years. We desire to be an extension of the student's home and strive to partner with the parents to raise up disciples of Christ. As such, we need the support and cooperation of parents as we minister and educate our students.

The following outlines the criteria for re-enrollment to CCA:

- It must be understood that attendance at CCA is a privilege. CCA reserves the right to refuse re-enrollment of any student or students of families who do not adhere and adjust to the school's initial enrollment criteria, Statement of Faith, and Code of Conduct as outlined in this handbook.
- In addition, no family may be re-enrolled unless all financial obligations have been met from the previous school year.
- If pertinent information concerning a student is available and not disclosed during the enrollment process, then the student may be removed from the school.

If differences arise between the parent's educational desire for their student and CCA's operational philosophy, Statement of Faith, and Code of Conduct, then parents will be contacted for a meeting with the CCA headmaster and one of the CCoB pastors. If the differences are too great, a student may be removed from the school.

Re-Enrollment Process Overview:

- Re-Enrollment Forms: In early winter, CCA will send re-enrollment forms to qualifying families.
- Re-Enrollment Deposit: To secure your child's spot, families will need to send in a **\$100** non-refundable deposit along with the re-enrollment form.

STATEMENT OF FAITH

CCA is a ministry of Calvary Chapel of Boston (CCoB). The school adheres to the Statement of Faith as provided in CCoB's By-Laws. The CCoB Statement of Faith is reflected below in concise form.

CCoB was formed as a fellowship of believers in the Lordship of Jesus Christ. Our supreme desire is to know Christ and be conformed to His image by the power of the Holy Spirit. We are not a denominational church, nor are we opposed to denominations as such, only to their over-emphasis of the doctrinal differences that have led to the division of the Body of Christ.

We believe the only true basis of Christian fellowship is Christ's agape love, which is greater than any differences we possess and without which we have no right to claim ourselves Christians.

We believe worship of God should be spiritual. Therefore, we remain flexible and yielded to the leading of the Holy Spirit to direct our worship.

We believe worship of God should be inspirational. Therefore, we give great place to music in our worship.

We believe worship of God should be intelligent. Therefore, our services are designed with great emphasis upon the teaching of the Word of God that He might instruct us how He should be worshipped.

We believe worship of God should be fruitful. Therefore, we look for His love in our lives as the supreme manifestation that we have truly been worshipping Him.

We believe in all the basic doctrines of historic Christianity.

We believe in the inerrancy of Scripture, that the Bible, Old and New Testaments are the inspired, infallible Word of God.

We believe that God is eternally existent in three distinct Persons: Father, Son, and Holy Spirit.

We believe that God is the personal, transcendent, and sovereign Creator of all things.

We believe that Jesus Christ is fully God and fully human, that He was born of a virgin, lived a sinless life, provided for the atonement of our sins by His substitutionary death on the cross, was bodily raised from the dead, ascended back to the right hand of the Father, and ever lives to make intercession for us.

We believe in the personal, visible, and pre-millennial second coming of Jesus Christ to the earth. He will return with His saints and set up a kingdom of which there will be no end. After Jesus ascended to Heaven, He poured out His Holy Spirit on the believers in Jerusalem, enabling them to fulfill His command to preach the Gospel to the entire world, an obligation shared by all believers today.

We believe that all people are, by nature, separated from God and responsible for their own sin, but that salvation, redemption, and forgiveness are freely offered to all by the grace of our Lord Jesus Christ. When a person repents of sin and accepts Jesus Christ as personal Savior and Lord, trusting Him to save, that

person is immediately born again and sealed by the Holy Spirit, all his/her sins are forgiven, and that person becomes a child of God destined to spend eternity with the Lord.

We believe in the gifts of the Holy Spirit mentioned in the Scriptures, and that they are valid for today if they are exercised within the scriptural guidelines. We as believers are to covet the best gifts, seeking to exercise them in love that the whole Body of Christ might be edified. We believe that love is more important than the most spectacular gifts, and without this love all exercise of spiritual gifts is worthless.

We believe that an individual's first responsibility is to the God of the Bible and that a person's whole life should reflect His framework in a context of peace and selfless love. CCA asserts that genuine love should extend to all men. However, the Bible makes it clear that individual differences in lifestyle that deny, ignore, or reject biblical standards represent diversity in rebellion to God's standards and hence are unacceptable for families of CCA. CCA holds to the beliefs as stated in the New King James Version of the Bible and asserts that marriage is the union between one man and one woman, and that from the beginning of creation God made humans in two distinct sexes, male and female.

DISCERNMENT OF CHRISTIAN FAITH

We cannot look into the heart of someone to determine if they are a Christian; only God can. However, the Bible provides us guidance to examine and discern if we are in right relationship with God.

Below is an overview of the major aspects of the Christian life. These aspects are fundamental to the ministry of CCoB and CCA.

The Christian Faith Regarding Salvation, Growth and Glory.

- **Justification** is essential to a person's salvation. Paul the apostle says, "Therefore, having been justified by faith, we have peace with God through our Lord Jesus Christ. (Rom. 5:1, ref. Gen 15:6). This is the act of **declaring** a person justified (*just-as-if-I've-never-sinned*) before God. This is necessary because all people are incapable of saving themselves and require the substitutionary sacrifice of Jesus Christ on their behalf. When a person believes in Jesus Christ, the Bible says "everyone who believes is justified from all things from which you could not be justified by the law of Moses." (Acts 13:39). Therefore, justification is not possible through good works, but by faith alone (Eph. 2:8,9). Justification is deliverance from the *penalty* of sin.
- **Sanctification** is the process that the justified person is brought through as God works in them through the power of the Holy Spirit (Phil. 2:12,13), conforming them into the image of Christ (Rom. 8:28). Sanctification is the life long process a believer yields to by faith, as they make themselves available to the work of God in their lives (Rom. 6-8; Gal. 2:20) for His glory. This is not an automatic process and requires the willingness on the part of the believer to grow into spiritual maturity. Sanctification is deliverance from the *power* of sin.
- **Glorification** is the eternal position a believer moves to as they are completed at the rapture of the church (Rom. 8:23; 1 Thess. 4:13-18). All believers will at that time possess a glorified body in the same fashion as the resurrected body of Jesus Christ (Phil. 3:20, 21). Glorification is deliverance from the *presence* of sin.
- **Knowing the Truth:** The only way we can know the truth is through the Word of God; the Bible (John 17:3). The inspiration (*God-breathed*) of scripture is essential to its power and capability in our lives (2 Tim 3:14-17). We cannot understand the previous statements without knowing what the Bible teaches literally in its own context.

In addition to the aspects outlined above, at CCA we look to scripture to guide us in the Christian lifestyle that we strive to live each day. Below please find scripture verses that guide and reveal the aim of Christian behavior.

- We are commanded to walk in a way that pleases and represents the character of God as He works in our lives by the power of the Holy Spirit (Eph. 5:8b-10; Gal 5:16, 22-25; 1 John 3:7-10).
- At the same time, we are told that our identification with Christ is vastly different from that of the unredeemed world around us, because this unredeemed world has no part in and does not represent God's kingdom in any of their behavior (1 Cor. 6:9,10; Gal. 5:19-21; Eph. 5:3-7). Thus, we make all attempts to avoid identifying with this world in its ungodliness, because as a follower of Jesus Christ we are ambassadors of His kingdom to this world.
- It is our goal at CCA to exemplify and teach each student the same course of conduct in attitude and action. As Paul instructs the Ephesian church to do, we also want to "walk worthy of the calling with which you were called" (Eph. 4:1), which is a call to balance out our walk with our confession of faith in Jesus Christ.

CURRICULUM

CCA will always try to achieve the highest academic standards while maintaining Christian values. We make every effort to select the best academic program and publishers available. Christian textbooks will be used when possible, but they will be replaced or supplemented by secular textbooks when it best achieves our goals. In certain circumstances, CCA may use secular textbooks to train our students the difference between the wisdom of the world and the wisdom of God.

TEXTBOOKS

The annual book fee is **\$300** per student. This fee partially covers textbooks and workbooks while CCA subsidizes the remaining costs of these items. Workbooks are considered consumables. The textbooks that we use must be covered, cared for, and returned at the end of the school year. Failure to return a textbook in good condition will result in a fee equal to the cost of the textbook.

HOMEWORK

- Homework will be assigned on a regular basis.
- Homework will range from 1 to 3 hours a night depending on the student's ability and their course selection.

MID-YEAR AND FINAL EXAMS

At the end of the second and fourth terms, high school students will have exams which are designed to provide an opportunity to review, re-teach and assess our students' progress.

- Exams are held in math, foreign language, science, history, and English.
- Please note the dates of exams and make every effort to have students prepared and present for exams.

STANDARDIZED TESTING

Grades 6-7 will take a standardized achievement test every year in April. Standardized testing allows the school to assess the curriculum and student progress.

COLLEGE PREPARATION TESTS

- **PSAT:** Students are advised to take the Preliminary Scholastic Aptitude Test (PSAT), which is administered at CCA, in both the tenth and eleventh grade. The PSAT is preparation for the Scholastic Aptitude Test (SAT), which students will take in both the eleventh and twelfth grade.
- **SAT:** The SAT is a nationally respected reasoning test used by colleges to assess the ability of college candidates. This test can be taken multiple times in order to gain the highest score possible.
 - Students also have the ability to register for SAT subject tests. Some colleges require or recommend students to take one or more SAT subject tests for admission.
- **ACT:** CCA also recommends students take the ACT examination during their junior or senior year. The ACT is another nationally recognized facts-based test that colleges review when determining admissions. The ACT can also be taken multiple times if desired to achieve the highest score possible.
- **AP Exams:** CCA also administers Advanced Placement (AP) Examinations through the College Board. These exams are taken at the completion of AP Classes and are highly regarded by colleges when determining admissions.

Questions regarding any of the examinations mentioned above should be directed to Mr. Hanley, CCA Guidance Counselor.

GUIDANCE SERVICES

It is CCA's goal to guide students both spiritually and practically to prepare them for life after CCA. From a spiritual standpoint, our guidance counselor prays with our students and encourages them to seek God's will for their lives. From a practical standpoint, student's schedules are reviewed, academic progress is evaluated, and college entrance requirements are discussed.

CCA provides a guidance class that meets 1x per week for eleventh and twelfth graders. Additional guidance appointments are scheduled as needed.

Questions regarding any of the examinations mentioned above should be directed to Mr. Hanley, CCA Guidance Counselor.

CONDUCT AND BEHAVIOR

CONDUCT

- At CCA, we desire that our students always conduct themselves in a manner glorifying to God, whether on or off campus.
- Students represent their family, church, school, and most of all, the Lord.
- Students are to behave in a manner that would not cause another student to stumble or hinder the influence of Christ in his/her life.
- Students must keep their hands, feet, and objects to themselves at all times.
- Fighting is unacceptable. If needed, students are expected to find someone to help resolve the problem.
- Most importantly, remember that this is the Lord's school, and we are here to glorify Him.

HONESTY

- Students are expected to do their own work and tell the truth.
- Students should only have things that belong to them and return anything that they borrow.
- Students may never sign the name of someone else.

CHAPEL

- All students and teachers are required to attend Chapel.
- Chapel is held every Wednesday at 8:40 a.m.
- Chapel includes a time of worship and a time of teaching led by a pastor, an elder, or approved Bible teacher.
- Family and friends are welcome to attend chapel and are asked to sit in a designated area at the rear of the sanctuary.

CLASSROOM BEHAVIOR

- At CCA, we intend to create a Christ-like environment of love and joy for the students. When children display inappropriate behavior and do not respond to discipline, they create an unhealthy learning environment for all students. Parents should be sure that their children are aware of how important it is to behave in class.
- Lying, cheating, stealing, swearing, showing disrespect, and fighting are not tolerated at CCA. Any type of behavior that is disruptive to the classroom will result in your child being disciplined.
- No gum chewing is allowed.

LOCKERS

- Each junior and senior high school student is assigned a locker.
- The combination will be given to students on the first day of school to keep all belongings in the secured lockers.
- Students should not share lockers, exchange them with other students, or give out their combination.
- Students should only have pictures of family members or pets.
- Students may have a reasonable expectation of privacy from school administrators and teachers regarding the contents of school lockers; however, school personnel shall have access to lockers or make spot inspections in order to properly protect the welfare of the student body or enforce school rules.
- CCA is not responsible for missing or stolen items.
- Students should lock their lockers as there are church services and other events in the building.
- The locker area should be clean and free of any items such as books, clothing or backpacks.
- Students should not leave any items on the floor or on top of the lockers; all items should be inside of the lockers.

GYMNASIUM BEHAVIOR

- Students are expected to wear the appropriate footwear (sneakers that do not mark the floor and do not have sand or grease on them) and clothing for safety and comfort.
- Students are expected to use the equipment properly and in a safe manner.
- Students are not allowed in the gymnasium without the supervision of a CCA teacher or staff member.

CAFETERIA BEHAVIOR

- When entering or leaving the cafeteria, students should line up quietly and orderly.
- When in the cafeteria, always talk in a quiet voice. Students should listen to and follow adult directions.
- All students should clear off the table when they are finished eating and leave it ready for the next group of students.

- Junior high school students are released at **2:30 p.m.**

- High school students are responsible for themselves after 2:20pm.
- CCA does not supervise high school student transportation needs or activity after 2:20pm.

DRESS CODE

The staff and faculty of CCA desire to have a strong Christian testimony to all that walk through the building. Therefore, we request that the children be dressed in a safe, appropriate, and modest manner for school activity. Students should maintain an extra set of clothes in their locker in the event that they wear an inappropriate item and need to change their clothes during the school day.

- No short shorts, miniskirts, no spaghetti straps, or midriff shirts.
- No blouses or shirts that are too tight, too short, too low, or too high above the waist.
- No skin should be showing between shirt and pants.

- No shirts should be worn with offensive or derogatory phrases/messages or anything we deem inappropriate.
- No clothing advertising alcoholic beverages, tobacco, vaping, secular music groups, or displaying inappropriate designs or comments may be worn.
- No wear pajamas or underclothing can be worn as an outer
- No pants with writing on the backside.
- No hats or hoods may be worn in the classroom except when designated for special events.

SOCIAL MEDIA GUIDELINES

Social media is a broad subject to address and it is not the goal of CCA to list every possible good, bad or other practice related to this subject. It is the goal of CCA to make clear that what is said, written, or done on social media by students and families must be in accordance with the behavioral standards listed in this handbook.

At a minimum, CCA students must adhere to the age and usage requirements outlined by each social media platform. In addition, a student's behavior on social media must adhere to CCA's own Statement of Faith and Code of Conduct guidelines. A student that violates any of the CCA behavioral standards on social media is responsible for that behavior. It is no different than and equal to actions or speech as if a student was saying or doing something directly in person.

Social media does not give any insulation from the guilt of responsible behavior and will be dealt in the same way as any "in person" violation. Social media is an arena that parents must take responsibility for in the lives of their children. We highly encourage parents to know what their children are doing on the internet and social media sites at all times. As with all of life, social media is not exempt from what Paul the apostle said, we are not to *"be conformed to this world, but be transformed by the renewing of your mind, that you may prove what is good and acceptable and perfect will of God."* (Rom. 12:2).

It is our hope that parents will come alongside CCA in a way that keeps their children safe from what can be life affecting experiences in the realm of social media practices.

DISCIPLINE

One of the most important lessons for any student to learn is how to properly respond to authority. The students must be guided to a proper response to their parents, teachers, and to God. In order to accomplish this goal, we must set discipline standards that are enforced fairly, consistently, and lovingly. God's word says to **"Listen to counsel and accept discipline, that you may be wise the rest of your days."** Proverbs 19:20

At CCA, the emphasis in discipline will always be based on love. More than anything else, we want each student to know that he or she is loved. However, love does not necessitate a tolerance of disobedience. Love exercised through discipline is designed to recover students from behavior that is destructive to them and their classmates. Godly love sets the highest standard for people. This is the goal of all discipline at CCA.

Since the teacher is the one who works most closely with the student, he or she carries the bulk of the discipline responsibility at school. It is important that the teacher work closely with the parents in these matters, and for teachers to contact parents about any problems they have in this area. It is of the utmost importance that parents support the teacher in matters of discipline, and it is equally important that the teacher keep the parent informed of any problems.

CLASSROOM INFRACTIONS

The following classroom situations will be resolved by the teacher in the classroom whenever possible. If the behavior cannot be resolved in the classroom, then the teacher will make a referral to the office which will be recorded, the parent notified, and further action may be issued (see disciplinary actions below).

1. Excessive tardiness to class
2. Classroom disturbances (talking, not working, failure to bring material to class etc.)
3. Throwing or shooting items (rubber bands, paper clips, pencils etc.)
4. Horseplay (rowdiness, clowning, etc.)
5. Infringement on the rights of other students
6. Chewing gum

CCA DISCIPLINARY ACTIONS INCLUDE ANY OF THESE OPTIONS:

As follows (each answering the severity and/or repetition of the offense/occurrence):

- Warning
- Detention
- Conduct referral (see below)
- Visit to administration and/or headmaster
- Potential suspension or removal from school

CONDUCT REFERRALS

When a correction in behavior is needed CCA teachers will warn students. However, at times, the student's behavior will result in an immediate referral to the office. In this event, the headmaster or administration will deal with the situation. The headmaster or administration will speak with the student and, if necessary, take further disciplinary action such as issuing a detention, calling the parent, and/or drafting a conduct referral.

Conduct referrals are written forms notifying the parents of a student's inappropriate behavior at school. Students will discuss the reason for the conduct referral with the headmaster. Parents will always be contacted and sent a written copy of the conduct referral. Depending on the severity of the behavior, a conduct referral may result in a detention or immediate suspension. Multiple conduct referrals may also result in a suspension.

MAJOR INFRACTIONS

The following discipline problems will be immediately referred to the administration. The violations listed below may result in suspension or expulsion. CCA has adopted this list as an indication that a student is not yet interested in spiritual growth, serving the Lord, or growing in Christ and is not yet ready for the way CCA presents its educational program:

1. Drug or alcohol involvement
2. Fighting or physical harassment including bullying/hazing. See page 24 for bullying prevention policies.
3. All forms of bullying, including cyber-bullying. See page 24 for bullying prevention policies.
4. Extreme insubordination or disrespect
5. Smoking, vaping, and/or possession of tobacco
6. Stealing or forgery
7. Vandalism
8. Sexual misconduct
9. Illegal activity
10. Profanity (verbal or written)
11. Cutting class or leaving school without permission
12. Cheating
13. Plagiarism

14. Possession or use of a weapon
15. Possession or use of matches or lighters
16. Habitual committing of classroom offenses or continual violation of handbook rules
17. Use of racial words or slang is prohibited, especially if directed at another person
18. Any other behavior deemed inappropriate by CCA administration

Any infraction from the list above, whether before, during, or after school hours, on or off campus, may result in immediate suspension or expulsion. This is based on the scriptural mandate to moral obedience regardless of location. We do not want students gaining the false idea that Christian behavior is only required while inside the school building (location), but extends to all areas of life while a student is in attendance at CCA and by default is representing the school no matter where they are.

In the case of major infractions, which could be any behavior deemed to be inappropriate by CCA administration, it becomes necessary for the teacher to send the student to the headmaster's office. In this event, the headmaster will deal with the situation. The parents will be informed that the student was sent to the headmaster's office. At that time, the headmaster and/or a pastor will speak with the student and, if necessary, further action will be taken.

Occasionally there is a student who does not respond to our ministry. If working with the parent(s) does not bring about a marked improvement in the student's conduct and the student continues to visit the headmaster's office, we reserve the right to remove the student from CCA. This will only be done in extreme cases, and particularly when the student is a bad influence on other students.

ATHLETICS

Various sports at both the junior high and senior high levels are offered at CCA and student participation is encouraged. CCA is a member of the Massachusetts Interscholastic Athletic Association (MIAA), a governing body which provides athletic rules and regulations for participating junior/senior high schools throughout the state.

To participate in CCA athletic programs:

- Each student must submit the required CCA registration forms and the athletic fee in order to participate.
- Students must meet all guidelines as detailed in the MIAA Handbook to be eligible for a season.
- In addition to the MIAA requirements, **students must maintain a minimum cumulative GPA of 2.0** in order to participate in athletics.
- Athletics fees will not be refunded for students removed from a sport due to academic or behavior reasons.

HAZING IN ATHLETICS

Massachusetts General Law Chapter 269, Sections 17-19 make it a crime to participate in or fail to report hazing in the Commonwealth of Massachusetts. Calvary Chapel Academy neither condones nor allows hazing. Any CCA student found to be involved in any type of hazing will be disciplined according to the provisions listed under the "Major Infractions" section of this handbook. Every member of each student group, student team, or student organization shall receive a copy of sections 17, 18, 19 of Massachusetts General Law Chapter 269 and shall agree to the provisions listed therein.

Sections 17, 18 and 19 of Chapter 269 Massachusetts General Laws, Crimes Against Public Peace

Section 17. Hazing; organizing or participating; hazing defined: Whoever is a principal organizer or participant in the crime of hazing, as defined herein, shall be punished by a fine of not more than three thousand dollars or by imprisonment in a house of correction for not more than one year, or both such fine and imprisonment.

The term "hazing" as used in this section and in sections eighteen and nineteen, shall mean any conduct or method of initiation into any student organization, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person. Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of any food, liquor, beverage, drug or other substance, or any other brutal treatment or forced physical activity which is likely to adversely affect the physical health or safety of any such student or other person, or which subjects such student or other person to extreme mental stress, including extended deprivation of sleep or rest or extended isolation.

Notwithstanding any other provisions of this section to the contrary, consent shall not be available as a defense to any prosecution under this action.

Section 18. Failure to report hazing: Whoever knows that another person is the victim of hazing as defined in section seventeen and is at the scene of such crime shall, to the extent that such person can do so without danger or peril to himself or others, report such crime to an appropriate law enforcement official as soon as reasonably practicable. Whoever fails to report such crime shall be punished by a fine of not more than one thousand dollars.

Section 19. Copy of Secs. 17 to 19; issuance to students and student groups, teams and organizations; report: Each institution of secondary education and each public and private institution of post-secondary education shall issue to every student group, student team or student organization which is part of such institution or is recognized by the institution or permitted by the institution to use its name or facilities or is known by the institution to exist as an unaffiliated student group, student team or student organization, a copy of this section and sections seventeen and eighteen; provided, however, that an institution's compliance with this section's requirements that an institution issue copies of this section and sections seventeen and eighteen to unaffiliated student groups, teams or organizations shall not constitute evidence of the institution's recognition or endorsement of said unaffiliated student groups, teams or organizations.

Each such group, team or organization shall distribute a copy of this section and sections seventeen and eighteen to each of its members, plebes, pledges or applicants for membership. It shall be the duty of each such group, team or organization, acting through its designated officer, to deliver annually, to the institution an attested acknowledgement stating that such group, team or organization has received a copy of this section and said sections seventeen and eighteen, that each of its members, plebes, pledges, or applicants has received a copy of sections seventeen and eighteen, and that such group, team or organization understands and agrees to comply with the provisions of this section and sections seventeen and eighteen.

Each institution of secondary education and each public or private institution of post-secondary education shall, at least annually, before or at the start of enrollment, deliver to each person who enrolls as a full time student in such institution a copy of this section and sections seventeen and eighteen.

Each institution of secondary education and each public or private institution of post-secondary education shall file, at least annually, a report with the board of higher education and in the case of secondary institutions, the board of education, certifying that such institution has complied with its responsibility to inform student groups, teams or organizations and to notify each full time student enrolled by it of the provisions of this section and sections seventeen and eighteen and also certifying that said institution has adopted a disciplinary policy with regard to the organizers and participants of hazing, and that such policy has been set

forth with appropriate emphasis in the student handbook or similar means of communicating the institution's policies to its students. The board of higher education and, in the case of secondary institutions, the board of education shall promulgate regulations governing the content and frequency of such reports, and shall forthwith report to the attorney general any such institution which fails to make such report.

HEALTH POLICIES AND MEDICAL INFORMATION

EMERGENCY CONTACT CARDS

In August, you will receive an emergency contact card for each student. **Annually, CCA requires** each student maintain an updated and accurate emergency contact card. The information provided enables the CCA staff to offer the best care in the case of illness and/or emergency. Any emergency contact listed must be reliable and available for school pick up, if needed. Please ensure emergency contact(s) agree to this requirement.

Please fill out the emergency contact card – front and back – and return on back-to-school night or to the school office. Students **cannot** start the new school year without providing an updated emergency contact form.

FIRST AID

In the event that a student is injured, basic first aid will be administered. NO prescription medication will be dispensed in the school. If a unique situation arises it must be discussed with the school nurse.

REQUIRED HEALTH EXAMINATIONS

The Massachusetts School Health Law requires that each student is to have a medical examination entering the following grade-levels:

- Seventh Grade
- Tenth Grade
- Transferring to CCA without complete health records or from out of state.
- All NEW students are required to provide a copy of the most recent health exam, including full immunization history.

Please be advised that a sports physical is **not** accepted as a complete health exam.

IMMUNIZATION REQUIREMENTS

Massachusetts Department of Public Health Immunization regulations require that:

All pupils must be immunized or exempted before admission to any school in Massachusetts. Immunization data must be received for all students.

Students may be **registered** without proof of immunizations prior to the start of school. However, in order to **attend** school, written proof of a minimum of at least one dose of each required vaccine is needed. This is called **provisional** admission. When a student is admitted **provisionally**, a plan for completing the immunizations must be submitted by the parent. Provisional records must be reviewed every 60 days by the school nurse. If the plan is not followed, or the provisional period expires before immunizations have been completed, the student may not attend from school until evidence of immunization or exemption is submitted.

There are two categories of **EXEMPTION** from the immunization requirements:

- **Religious exemption:** Students need not be immunized if the parent or guardian, in writing, submits to the school an objection to the immunization based on religious grounds or a strong or ethical conviction. **** All religious exemptions must be renewed annually.**

- Annual renewal means that parent/guardian must write and sign a new religious exemption each year at the start of the school year. All religious exemptions should be dated and signed by parent/guardian for each student to allow for monitoring of annual renewals each school year.
- **Medical exemption:** Students need not be immunized if a physician or his/her designee submits to the school, in writing, that the immunization may be detrimental to the health of the student. This may be either a temporary, or permanent status. When the physician determines that the immunization is no longer detrimental to the health of the student, the exemption ceases to be valid and the child must be immunized. **

****Parents of all exempt students should be aware that if the Massachusetts Dept. of Public Health declares an epidemic of a disease for which immunization is an admission requirement, students who are exempted will not be permitted to attend school for the duration of the epidemic.**

REQUIRED IMMUNIZATIONS

The Massachusetts Dept. of Public Health now strongly recommends that every school age child receive an annual influenza vaccine.

GRADES 6-12:

- ≥ 4 doses of DTaP/DTP or > 3 doses Td (Tetanus)
- **1 Tdap (Tetanus w/pertussis-whooping cough) to enter Gr7***
- ≥ 3 doses of IPV (Polio)
- 2 doses of MMR (Measles, Mumps, & Rubella)
- 3 doses of Hep B (Hepatitis B)
- **2 doses of Varicella (Chicken Pox) or MD certified hx of disease***
 - Meningococcal vaccine is recommended ≥ 12 yrs.*
 - *2 doses Varicella, a Tdap, & a Meningococcal vaccine now **required** for college admission.

MEDICATION POLICY

Parents/guardians are expected to administer medications **at home** (with the exception of some emergency medications). The first dose of ANY medication must be given at home due to the possibility of adverse effects or allergic reaction. Medicine (i.e. antibiotics) ordered to be given two or three times/per day must be given at home.

CCA will only administer Tylenol (acetaminophen) and Advil (ibuprofen) if permission has been provided on the emergency contact card and/or if the school has contacted you first. Tylenol is contained in many cough/cold preparations. If your child appears to need either of these medicines on a routine basis, you will be notified by the school nurse, and he/she may need to be evaluated by an MD.

EMERGENCY MEDICATIONS (Epi-Pens, inhalers, diabetic meds)

If a student has any medical condition which would require the use of emergency medication or any assistance, please schedule an appointment with our school nurse to review your child's medical condition needs. Working with the parent, the school nurse will develop an Emergency Care Plan to best serve the student.

All medication must be brought into school in their **ORIGINAL** pharmacy labeled containers. **An updated written physician's order and parent permission are also required for each medication at the beginning of each new school year.** Medicine will not be administered if it is not in its original container and/or accompanied by an updated physician's order and parent permission.

HEALTH POLICIES

We encourage parents to call any time they have concerns and specifically for the following reasons:

- A new medical diagnosis or change in your child's health status
- A newly prescribed medication
- A change in current medication
- A serious injury, illness, or hospitalization
- A fracture, sprain, stitches, or a cast
- A contagious disease such as chicken pox, flu, strep throat, whooping cough, conjunctivitis, or lice
- If a child is absent for an extended period of time
- If there are any recent changes in your family that may affect your child, such as birth, recent loss, or sudden illness

When to keep your child home if they are ill:

To allow sufficient time to recover from an illness or injury, and to minimize the spread of an infectious illness, your child **should be kept home from school** if he/she has:

- A communicable (contagious) disease
- Fever greater than 100 degrees F within the last 24 hours
- Vomiting/diarrhea within the last 24 hours
- Pain that requires the use of narcotic medications
- An upper respiratory illness with significant coughing and/or nasal discharge

When to return to school after an illness:

When a child has been ill:

- He/she should remain at home for at least 24 hours after the temperature has returned to normal **WITHOUT** the use of TYLENOL or IBUPROFEN.
- If an ANTIBIOTIC was required, he/she should remain out of school until it has been given for **at least 24 hours** or more depending upon the type of infection and MD order.
- There should be a **24-hour period with no vomiting or diarrhea.**
- All students returning to school after having had one of the following **COMMUNICABLE DISEASES**, must present a certificate from a healthcare provider stating the nature of the illness. They may not return to school **without** this certificate as prescribed by the Massachusetts Dept. of Public Health.

Chicken Pox	Impetigo	Mumps
Encephalitis	Measles	Scarlet Fever
Fifth Disease	Meningitis	Strep Throat
German Measles	Mononucleosis	Whooping Cough

After pediculosis (head lice), your child must be checked by the school nurse before re-entering the school.

Thank you for your cooperation. Please remember that these policies are for the safety of our children. If you have any questions, please contact the school or e-mail me at nurse@ccobacademy.com.

CCA SPORTS RELATED MEDICAL INFORMATION

The following requirements are for all junior and senior high school students planning to participate in any of CCA's athletic programs.

State Concussion Law Requirements

The Commonwealth of Massachusetts Executive Office of Health and Human Services requires that all high schools subject to the Massachusetts Interscholastic Athletic Association (MIAA) rules adhere to the following law:

Student athletes and their parents, coaches, athletic directors, school nurses, and physicians must learn about the consequences of head injuries and concussions through training programs and written materials. The law requires that athletes and their parents inform their coaches about prior head injuries at the beginning of the season.

If a student athlete becomes unconscious, or is suspected of having a concussion, during a game or practice, the law now mandates taking the student out of play or practice, and requires written certification from a licensed medical professional for "return to play."

Parents and student-athletes who plan to participate in junior or senior high school athletic programs at Calvary Chapel Academy must also take one free online course about concussions per school year.

Two free online courses have been made available and contain all the information required by the law:

- The first online course option is offered through the National Federation of High School Coaches. You will need to click the "order here" button and complete a brief information form to register. At the end of the course, you will receive a completion receipt. The entire course, including registration, can be completed in less than 30 minutes:
www.nfhslearn.com/electiveDetail.aspx?courseID=15000
- The second online course option is offered through the Centers for Disease Control and Prevention at www.cdc.gov/concussion/HeadsUp/online_training.html. This entire course can also be completed in less than 30 minutes.

Please print out a copy of the certificate of completion at the end and submit it to the school office prior to the first sports practice.

Physical Examination:

Each student athlete must have a physical examination on an annual basis, i.e. within 12 or 13 months of the student's last physical examination (to allow for insurance coverage of the examination), per MIAA standard policy.

Any student athlete who does not have a current physical on file with the nurse, prior to the first day of practice, is not eligible until a new/updated physical is turned in.

If the student's physical examination expires during the sports season, he/she must have an updated physical examination to continue to participate in the sports season.

Please submit a copy of the current physical to the school nurse, prior to the first day of practice.

Pre-Participation Form:

The Massachusetts concussion law requires athletes and their parents to inform coaches about prior head injuries at the beginning of each sports season.

This reporting is done via the Pre-Participation Head Injury/Concussion Reporting Form and should be completed by the student's parent(s) or legal guardian(s) and the student.

It must be submitted to CCA's Athletic Director, **prior to the start of each season** if a student plans to participate in an extracurricular athletic activity.

This form will be available and included in the registration process for each junior and senior high school athletic season.

****An updated physical, certificate of concussion course, and pre-participation form must be on file before the student can be allowed to participate for the current athletic season.**

Please contact the School Nurse at the school or by e-mail, nurse@ccobacademy.com, with any questions regarding these requirements.

TECHNOLOGY AND COMPUTER USAGE POLICY

While student use of the internet will be supervised and filtering software is used, CCA does not have full control of the content that may be accessible on the internet. This policy is focused on what CCA's computers and available technology is to be used for and how it should be used.

Each student is responsible for his/her actions and activities involving CCA's computers, networks and internet services, and for his/her computer files, passwords, and accounts. These rules provide general guidance concerning the use of computers and examples of prohibited uses. The rules do not attempt to describe every possible prohibited activity by students. Students, parents and school staff who have questions about whether a particular activity is prohibited are encouraged to contact the headmaster.

Consequences for Violation of Computer Use Policy and Rules:

Student use of CCA's computers, networks and internet services is a privilege, not a right. Compliance with policies and rules concerning computer use is mandatory. Students who violate these policies and rules may have their computer privileges limited, suspended or revoked. Such violations may also result in disciplinary action, referral to law enforcement and/or legal action. The headmaster or assistant principal shall have the final authority to decide whether a student's privileges will be limited, suspended, or revoked based upon the circumstances of the particular case, the student's prior disciplinary record, and any other pertinent factors.

Acceptable Use:

The CCA's computers, networks, and internet services are provided for educational purposes and research consistent with its educational mission, curriculum, and instructional goals. A student may bring his/her personal laptop to school in grades nine through twelve. All policies, school rules, and expectations concerning student conduct and communications apply when students are using computers. Students are also expected to comply with all specific instructions from teachers and other school staff when using the school's computers.

Prohibited Uses:

Examples of unacceptable uses of CCA's computers that are expressly prohibited include, but are not limited to, the following:

1. **Accessing Inappropriate Materials:** Accessing, submitting, posting, publishing, forwarding, downloading, scanning or displaying defamatory, abusive, obscene, vulgar, sexually explicit, sexually suggestive, threatening, discriminatory, harassing and/or illegal materials.
2. **Illegal Activities:** Using school computers, networks and internet services for any illegal activity or in violation of any policy or school rules. CCA assumes no responsibility for illegal activities of students while using school computers.

3. Violating Copyrights: Copying, downloading, or sharing any type of copyrighted materials (including music or films) without the owner's permission. CCA assumes no responsibility for copyright violations by students.
4. Copying Software: Copying or downloading software without the express authorization of the headmaster or assistant principal. Unauthorized copying of software is illegal and may subject the copier to substantial civil and criminal penalties. CCA assumes no responsibility for illegal software copying by students.
5. Plagiarism: Representing as one's own work any materials obtained on the internet (such as term papers, articles, music, etc.). When internet sources are used in student classwork the author, publisher, and web site must be identified and properly cited.
6. Non-School-Related Uses: Using CCA's computers, networks and internet services for non-school-related purposes such as private financial gain, commercial, advertising or solicitation purposes, or any other personal use not connected with the educational program or assignments.
7. Misuse of Passwords/Unauthorized Access: Sharing passwords, using other users' passwords, and accessing or using other users' accounts.
8. Malicious Use/Vandalism: Any malicious use, disruption or harm of CCA's computers, networks and internet services, including but not limited to hacking activities and creation/uploading of computer viruses.

Violations of the computer use policy will have disciplinary actions determined by the CCA administration in accordance with the behavioral standards in the Parent/Student Handbook.

No Expectation of Privacy:

CCA's computers remain under the control, custody and supervision of CCA at all times. Students have no expectation of privacy in their use of school computers, including e-mail, stored files and internet access logs.

Compensation for Losses, Costs and/or Damages:

The student and his/her parents are responsible for compensating CCA for any losses, costs or damages incurred by the school for violations of policies and school rules while the student is using CCA's computers, including the cost of investigating such violations should this occur. CCA assumes no responsibility for any unauthorized charges or costs incurred by a student while using school computers.

Student Security:

A student should not reveal his/her full name, address, telephone number, social security number or other personal information on the internet. Students should never agree to meet people they have contacted through the internet without parental permission. Students should inform their teacher if they access information or messages that are dangerous, inappropriate or make them uncomfortable in any way. Student security is a serious matter.

System Security:

The security of the CCA's computers, networks and internet services is a high priority. Any student who identifies a security problem should notify his/her teacher immediately. The student shall not reveal the problem to others or access unauthorized material. Any user who attempts to breach system security, causes a breach of system security or fails to report a system security problem shall be subject to disciplinary and/or legal action in addition to having his/her computer privileges limited, suspended or revoked.

Rules for Use of Personal Laptops:

A student may bring his/her personal laptop to school in grades nine through twelve. During the school day (8:30 am – 2:30 pm) devices may only be used for school related work and the student must have a teacher's permission to use any device in a class or study hall. All provisions of CCA's Student

Technology and Computer Usage Policy apply to students using personal devices, both on and off campus (see social media policy in the handbook). CCA assumes no responsibility for personal devices brought to school by students.

Rules for Use of Cell Phones:

CCA is committed to providing a learning environment that is free from distraction. Cell phones can be disruptive. However, the school recognizes the value that parents place on allowing their child to have a cell phone for emergencies and easy communication.

In junior high, cell phones must stay in the student's locker. Cell phones are to be off until 2:30pm and can only be used *outside* the school building. In high school, cell phones must stay in the student's locker during the school day; they may be used before and after school within the school building.

MISCELLANEOUS

NO SOLICITATION OR TRADING OF ITEMS

The selling of any items is prohibited in school. No private business is allowed to take place in the school at any time. Students should not trade personal items at school.

VISITORS

All visitors MUST sign in at the office before going into the school. Parents dropping off items for students such as lunches, papers, folders, projects, etc. should leave them at the office and we will get the item to your child. We ask that you do not go to the classroom as it disrupts the learning environment.

BULLYING PREVENTION AND INTERVENTION PLAN AND POLICY

CCA is committed to ensuring the respect of, and protecting the dignity of, all members of the CCA community (faculty, staff, parents, students). Everyone has the right to work, study, and engage in co-curricular activities without harassment, intimidation, or bullying. With this right comes the responsibility to respect the rights of others to work, study, and engage in co-curricular activities without harassment or intimidation.

The Bullying Prevention and Intervention Plan and Policy is published in response to the Massachusetts law against bullying and is an integral part of our efforts to promote learning and to prevent behavior that can hinder the learning process. This plan outlines CCA's approach to addressing bullying, cyberbullying, and retaliation. This plan is consistent with broader protections at CCA against discrimination, harassment, bullying, and retaliation that appear in the CCA Parent Student Handbook. It is important that the Bullying Prevention and Intervention Plan and Policy be well understood by all members of the CCA community.

The Headmaster is responsible for the implementation and administration of the plan. Questions, concerns and comments related to this plan may be referred to him. Each year, this plan is reviewed and revised as needed and presented to all members of the CCA community. At CCA, topics related to bullying are also addressed in Bible classes, Chapel, student assemblies, as well as other classes and forums throughout the year.

CCA's plan was created to comply with the requirements of the State of Massachusetts and is an expansion of one aspect of the overall CCA Discipline/Training procedures plan.

Definitions

Aggressor is a student or a member of a school staff who engages in bullying, cyberbullying, or retaliation towards a student

Bullying: Bullying is defined as the repeated use by one or more students *or by a member of a school staff including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional* of a written, verbal, or electronic expression, or of a physical act or gesture, or of any combination of these directed at another individual that:

- causes physical or emotional harm to that individual or damage to that individual's property;
- places that individual in reasonable fear of harm to himself or herself or of damage to his or her property;
- creates a hostile environment at school for the targeted individual;
- infringes on the rights of the targeted individual at school; or
- materially and substantially disrupts the educational process or orderly operation of the school.

Cyberbullying

The above bullying includes "cyberbullying," here defined as bullying through the use of technology or electronic communication which shall include but not be limited to any transfer of signs, signals, writing, images, sounds, data intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, devices such as telephones, cell phones, computers, and the Internet, including, but not limited to, email, instant messages, text messages, facsimile, and Internet postings. (M.G.L. c. 71, § 37O).

Cyber-bullying also includes:

- (a) the creation of a web page or blog in which the creator assumes the identity of another person, or
 - (b) the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated under bullying above.
- Cyber-bullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution of posting creates any of the conditions enumerated under bullying above. (M.G.L. c. 71, § 37O)

Hostile Environment

Hostile Environment is a situation in which bullying causes the school environment to be permeated with intimidation, ridicule, or insult that is sufficiently severe or pervasive to alter the conditions or a student's education.

Retaliation

Retaliation—including any form of intimidation, reprisal, or harassment—directed against a person who reports bullying, provides information during an investigation of bullying, witnesses bullying, or has reliable information about bullying is also prohibited.

School Staff

School Staff includes, but is not limited to, educators, administrators, counselors, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to extracurricular activities, support staff, or paraprofessionals.

Target

Target is a student against whom bullying, cyberbullying, or retaliation has been perpetrated.

Bullying Prohibited

- All such bullying and retaliatory behavior is prohibited on school grounds and property immediately

adjacent to school grounds, at school-sponsored or school-related activities, functions, or programs (whether on or off school grounds), on vehicles owned, leased, or in use by the school, or through the use of technology or electronic devices owned, leased, or in use by the school.

- Such bullying and retaliatory behavior is also prohibited at locations, activities, functions, or programs that are not school-related through the use of technology or electronic devices that are not owned, leased, or in use by the school, if the acts create a hostile environment at school for the targeted individual or witnesses, infringe on their rights at school, or materially and substantially disrupt the educational process or orderly operation of the school. It should be noted, though, that the law does not require the school to staff any non-school related activities, functions, or programs. Activities initiated by non-school persons, including parents of students, are not school-related activities, functions, or programs.
- Whenever necessary, the Headmaster or his/her delegate shall make the determination of whether any activity, function or program is school-related.
- It is important to bear in mind, however, that CCA reserves the right to require standards of behavior under its policies that are stricter than the laws of the Massachusetts in order that we may prevent inappropriate verbal and physical conduct before a student has been subject to bullying as it is defined under the law.

Reporting

It is important for students who think they have been bullied to promptly report the incident. Any such complaint shall be pursued according to the procedures described below. All allegations of bullying will be immediately investigated. CCA will not tolerate either mishandling of complaints by authorized personnel, or negative behavior responses to a student after making a complaint. Violation of this Policy will result in disciplinary action up to and including dismissal or expulsion.

Complaints

Reports of bullying or retaliation must be made by faculty, staff, students, parents or guardians, or others, and may be oral or written. Oral reports made by or to a staff member shall be recorded in writing. Reports made by students, parents or guardians, or other individuals who are not school or district staff members, may be made anonymously. CCA has an Incident Reporting Form available in the school's main office for those who desire to use this form as a means of reporting, though it is not required in order to submit a report.

Students

Any student who suspects or has knowledge of an incident of bullying or cyber-bullying or has witnessed an incident of bullying or cyber-bullying or otherwise has relevant information about bullying or cyber-bullying prohibited by this Policy is strongly encouraged to report that information to the Headmaster or other faculty or staff member with whom the student is comfortable speaking. Also, any student who is subject to retaliation in violation of this Policy or who knows of another student who has been subject to retaliation is urged to report it as soon as possible. Students may request assistance from a faculty or staff member to complete a written report. Students will be provided practical, safe, private and age-appropriate ways to report and discuss an incident of bullying with a faculty or staff member, or with the Headmaster or his/her designee. Any school faculty or staff must immediately report the relevant information to the Headmaster or his/her designee.

Parents

A parent of a student who is the target of bullying or cyber-bullying or of a student who has witnessed or otherwise has relevant information about bullying or cyber-bullying is strongly urged to promptly notify the Headmaster or his/her designee.

Faculty and Staff

All faculty and staff, including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, the coach, advisor to an extracurricular activity or paraprofessional, shall immediately

report when he/she witnesses or becomes aware of conduct that may be bullying or retaliation to the Headmaster or his/her designee. The requirement to report to the Headmaster or designee does not limit the authority of the staff member to respond to behavioral or disciplinary incidents consistent with school or district policies and procedures for behavior management and discipline.

Others

- Other persons who witness or become aware of an instance of bullying or retaliation are strongly encouraged to report it to the Headmaster or his/her designee.
- Pursuant to the state law, reports may be made anonymously, but it should be noted that the school shall not take disciplinary action against a student solely on the basis of an anonymous report. Therefore, faculty and staff are highly discouraged to make anonymous reports under this Policy. In addition, the School urges students and their parents not to make reports anonymously. Although there are circumstances in which an anonymous report can be better than none at all, it is far more difficult to determine the facts of what occurred if complaints are made anonymously. Students and parents are encouraged to bear in mind that the School takes its Policy against retaliation seriously. Also, while the School cannot promise strict confidentiality, because information must be shared in order to conduct an effective investigation, the School releases information concerning complaints of bullying, cyber-bullying, and retaliation only on a legitimate need-to-know basis.

Responding to a Report of Bullying, Cyber-bullying, or Retaliation

- When a complaint of bullying, cyber-bullying or retaliation is brought to the attention of the Headmaster, the Headmaster or his/her designee shall make an assessment as to whether any initial steps need to be taken to protect the well-being of students and to prevent disruption of their learning environment while the investigation is being conducted. As appropriate, strategies such as increased supervision may be implemented to prevent further bullying, or retaliation during an investigation. Responses to promote safety may include, but not be limited to: creating a personal safety plan; pre-determining seating arrangements for the targeted student and/or the aggressor in the classroom, at lunch, or on the bus; identifying a staff member who will act as a “safe person” for the targeted student; and altering the aggressor’s schedule and access to the targeted student. The Headmaster or his/her designee will take additional steps to promote safety during the course of and after the investigation, as necessary. Those steps shall include protecting from bullying or retaliation a student who has reported bullying or retaliation, a student who has witnessed bullying or retaliation, a student who provides information during an investigation, or a student who has reliable information about a reported act of bullying or retaliation.
- If the reported bullying incident involves the Headmaster as the alleged aggressor, the Chair of the Board or his/her designee shall be responsible for investigating the report, and other steps necessary to implement the Policy, including addressing the safety of the alleged victim. If the Chair of the Board is the alleged aggressor, the Board, or its designee shall be responsible for investigating the report, and other steps necessary to implement the Policy, including addressing the safety of the alleged victim.
- It is the policy of the School to notify the parents of any student who is an alleged target of bullying, cyber-bullying, or retaliation and the parents of any student who may have been accused of engaging in such behavior promptly after a complaint has been made. Further, to the extent consistent with state and federal law and 603 CMR 49.00, the parents or guardians of the victim shall also be notified of the actions taken to prevent any further acts of bullying or retaliation.
- An impartial investigation of the complaint is conducted by the Headmaster or his/her designee. That investigation may include (but will not necessarily be limited to) interviews with the person who made the complaint, with the student who was the target of the alleged bullying, or retaliation, with the person or persons against whom the complaint was made, and with any students, faculty, staff, parents or other persons who witnessed or who may otherwise have relevant information about the alleged incident.

- The Headmaster or his/her designee conducting the investigation may also choose to consult with other teachers and/or other school personnel.
- Following interviews and any other investigation undertaken, as the School deems appropriate, the Headmaster or his/her designee will determine whether and to what extent the allegation of bullying, or retaliation has been substantiated. If bullying, or retaliation has taken place, the Headmaster or his/her designee shall administer appropriate disciplinary action and/or remedial action. These actions will balance the need for accountability with the need to teach appropriate behavior.
- As appropriate, the Headmaster or his/her designee will discuss options for counseling or referral to appropriate services for both the targeted student(s) and the perpetrator(s) and for family members of said students. A perpetrator can include a student or a member of a school staff including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or a paraprofessional who engages in bullying or retaliation.
- The goal of an investigation and any disciplinary or other remedial process that is imposed following that investigation is to correct the situation to the extent it is reasonably possible and to take such steps as can be taken to prevent there being a repetition of the incident and to prevent the student or students targeted and others who participated in the investigation from being subject to retaliation.
- In appropriate circumstances, such as when the Headmaster has a reasonable basis to believe that criminal charges may be pursued against the aggressor or a child may have been subject to abuse or neglect of the type that is reportable under Section 51A of the Massachusetts laws, law enforcement or another appropriate government agency may be notified immediately.
- Upon completion of the investigation, the Headmaster or his/her designee who conducted the investigation will meet individually with the student or students who were the target of the alleged incident and the student or students against whom the complaint was made, their parents and the tutor to report the results of the investigation and, what disciplinary or other corrective action is determined to be appropriate, and to inform the parties of the steps that will be taken to correct the situation. Notwithstanding the foregoing, the amount of information provided in these meetings may be limited by confidentiality laws protecting student records.
- The Headmaster has final authority over the determination of what information to provide to the various persons involved.
- Follow-up contacts will be made with any student found to have been targeted in violation of this Policy and his/her parents to inquire as to whether there have been any further incidents.
- Bullying incidents involving a student(s) of other schools or a former student(s) under the age of 21 will be addressed as required by G.L. c.71, §37O.
- Determinations made by the Headmaster or his/her designee with respect to bullying claims are final.

Allegations in Bad Faith

The School also recognizes that knowingly false accusations may have serious effects on innocent persons. Students found to have knowingly made false accusations of bullying will be subject to appropriate disciplinary action, up to and including suspension, or expulsion. Please note: This is not meant to include allegations that were made in good faith and reasonable belief of their accuracy but which were later determined to be insufficient or unsubstantiated so as to not prompt remedial action, in which the complainant has done nothing improper. This provision is meant only to cover allegations that the accuser knows to be false at the time they are made or makes them with reckless disregard for the truth.

Other Remedies

This Policy is the school's internal policy and is only intended to address bullying, or retaliation that involves students. There may be other internal or external means of address and nothing herein is intended to replace any statutory rights of redress either under state or federal law. Nothing in the Policy prevents the school from taking action to remediate discrimination or harassment based on a person's membership in a legally protected category under local, state, or federal law, or school or district policies. In addition, nothing in the Policy is designed or intended to limit the authority of the school to take disciplinary action or other applicable laws or school policies in response to violent, harmful, or disruptive behavior, regardless of whether the Policy covers the behavior.

Ongoing actions

Faculty and Staff will be provided annual written notice of the Policy and trained annually with respect to the Policy requirements. Relevant sections of this policy relating to the duties of faculty and staff shall be included in the Employee Handbook.

CCA shall provide to students and parents or guardians, in age-appropriate terms and in the languages which are most prevalent among the students, parents or guardians, annual written notice o

f the relevant student-related sections of the Policy.

If an incident of bullying or retaliation involves students from more than one school district, charter school, non- public school, approved private day or residential school or collaborative school, CCA, if it is the school first informed of the bullying or retaliation shall, consistent with state and federal law, promptly notify the appropriate administrator of the other school district or school so that both may take appropriate action. If an incident of bullying or retaliation occurs on school grounds and involves a former student under the age of 21 who is no longer enrolled in a local school district, charter school, non-public school, approved private day or residential school or collaborative school, the school district or school informed of the bullying or retaliation shall contact law enforcement consistent with state and federal law for promptly notifying the parents or guardians of a victim and a perpetrator.
