Summer Reading Challenge

Color in one ice cream cone for every book you read or someone reads to you. Bring your log in on the first day of school!

See the attached page for some book recommendations.

Book Recommendations for Incoming First Graders

This is just a list of suggestions. Feel free to explore any books that interest your child. All students are different and books that may be a great fit for one student, may be too hard or too easy for another. A good rule of thumb is to have your child open to a page and try to read. If they make more than 5 errors, it is probably too hard. Books that are too hard are great books to have read aloud to them, though!

Here are a few book suggestions based upon your child's reading levels:
