

Summer Reading

The best thing you can do to help your child succeed over the summer is review letter sounds! This is just a list of book suggestions. Feel free to explore any books that interest your child. All students are different and books that may be a great fit for one student, may be too hard or too easy for another. A good rule of thumb is to have your child open to a page and try to read. If they make more than 5 errors, it is probably too hard. Books that are too hard are great books to have read aloud.
